

AI Feedback

The Thomas Edison observational artwork (pencil) is well depicted, with strong contrast. The imagery of the background switching from the wild woods in the past to lighting up a future with a bulb in a city is extremely thought-invoking, supporting the idea of Inspiration in building a brighter tomorrow.

Subject: 8/10
Execution: 9/10

The Yurima Playing Piano artwork (Colored Pencil) is beautifully done! Utilising negative space to highlight the lighting in the captivating atmosphere of a quality performance. Great range of hues selected for the shadows and highlights.

Subject: 8.5/10
Execution: 9.5/10

Well done with the layout that connects these pieces! The lightbulb's light from the Thomas Edison drawing directs the viewer's attention down to the Yurima Playing Piano artwork.

Overall Subject: 9.5/10
Overall Execution: 9.5/10

It seems like you have some notes at the sides and top of the artworks. If you want, I would be happy to assist you to evaluate these supporting descriptions if you could input these texts for me.
